

AQUATICS 'Ops Shop'

You've got questions, we've got answers!

Is that a normal sound? How do you fix that? Does my pool have a leak? How can I save money? What are the latest trends? Are VFD's legit? When should I call for help? How do I pass a pre-season pool inspections? Do I renovate or replace? How can I prevent pipes from freezing? How big of an area can I fix using two-part epoxy? When does a permit need to be pulled? How can I improve my water quality? Why am I seeing calcification deposits there? How long should my pump last? Can anyone replace UV parts? How bad can a pool operator mess up? ...and a lot more!
