

The Foundation of the Virginia Recreation and Park Society,

Dear Scholarship Committee,

I would like to express my gratitude towards you for making this scholarship available. The contribution your foundation has made will aide in continuing my undergraduate education at Radford University. On behalf of my family and myself, I would like to say thank you for making this donation. I am extremely grateful for having been selected for this scholarship.

The foundation may not directly see the results of their contributions, so I would like to explain the opportunities I will be able to take advantage of with your financial aid. I will complete my final year of undergraduate school in the major of Recreation, Parks, and Tourism. Your support will enable me to continue to volunteer and serve as an aide for students with disabilities on campus and as a director on our university's programming and events executive board. I will be able to dedicate adequate time to serving as the Recreational Therapy Club's President, Club Softball Team's Secretary, and College of Education and Human Development Ambassador. Your scholarship allows me to participate in these various experiences that will enhance my educational and career goals.

In closing, I would like to thank you again for your scholarship contribution. I have a younger brother who will be attending college as a freshman in the upcoming school year, so stating that my family has been a bit stressed lately in regards to finances would be an understatement. I hope that you are aware of just how appreciative my family and I are of this donation. I am making a commitment to do well with your investment by continuing my education and getting closer to my long term goals.

Sincerely,
